*Note: The time available for each plenary session is 1h 45 min (=105 min) and this can be organised in one of 3 ways:

- Option 1: The 105 min can be divided for example in 3 keynote speeches each 30 min including discussion (15 min presentation and 15 min discussion) plus 5 min each time for changing speaker and introduction by chairperson.
- Option 2: The 105 min could be used for a panel discussion and/or a combination of key note and panel discussion plus 30 min to answer questions from audience.
- Option 3: Free arrangement of the 105 min upon request by session/panel organizers; however, at least 30 min should remain to answer questions from the audience.
